- Accessible Communication & Assistive Learning Approaches
- Mathematics & Physics Instruction
- One-to-One & Small-Group Intervention
- Positive Behaviour Support & Safeguarding
- Stakeholder, Parent & Multidisciplinary Collaboration
- Educational Trip / Activity Support & Safe Mobility Assistance
- Confidentiality, Professional Ethics & Learner Dignity

PROFESSIONAL EXPERIENCE

Special Needs Education Teacher | Dalyn Integrated School, Nairobi | May 2026 – Jul 2026

- Delivered individualized learning support by adapting Cambridge IGCSE lessons and learning resources for learners with autism and diverse learning needs.
- **Designed and reviewed IEPs with measurable academic, behavioural, and functional targets, and monitored learner progress.**
- **Modified curriculum resources, assessments, and classroom activities to improve accessibility, participation, and learner achievement.**
- **Collaborated with teachers, parents, and therapists to implement consistent intervention, safeguarding, and learner-support plans.**

Learner Support Teacher / Sign Language Teacher | Njathaini Comprehensive School, Nairobi | Apr 2025 – Apr 2026

- Provided one-to-one and small-group support for learners with autism, hearing impairment, and learning differences.
- Delivered Mathematics instruction while using KSL to support communication and participation for learners with hearing impairment.
- Developed and implemented IEPs, differentiated lessons, adapted curriculum resources, and prepared accessible learning materials.
- Supported mainstream teachers with inclusive strategies, peer-assisted learning, group work, and learner-centred approaches.
- Monitored academic, behavioural, and functional progress and maintained accurate intervention records.
- **Provided educational, behavioural, and emotional support while promoting safety, dignity, positive participation, and inclusion.**

Sign Language Interpreter | KU TV & Radio, Nairobi | Dec 2024 – Feb 2026

- Provided Kenyan Sign Language interpretation for live evening news broadcasts to improve access to information for Deaf and hard-of-hearing audiences.
- Delivered clear, timely interpretation in a live broadcast environment while maintaining professional communication standards.
- Supported inclusive access to public information through accurate and audience-focused sign language communication

Teacher Trainee – Mathematics & Physics | Chavakali High School | Apr 2024 – Aug 2024

- Planned and delivered competency-based Mathematics and Physics lessons for secondary learners.
- Used practical experiments, inquiry-based learning and differentiated instruction to strengthen conceptual understanding.
- Prepared schemes of work, lesson plans, assessments and marking records in line with curriculum requirements.
- Analysed learner performance and provided targeted remedial support to address learning gaps.
- Collaborated with teachers, administrators and parents to support learner progress and positive classroom participation.

ADDITIONAL RELEVANT EXPERIENCE & STRENGTHS

- KSL communication and interpretation experience across education, live media and community settings.
- Practical experience supporting Deaf, hard-of-hearing, visually impaired, autistic and other learners with diverse needs.
- Experience developing IEPs, learner support plans, differentiated resources, assessments and intervention records.
- Experience with learner safeguarding, positive behaviour support, confidentiality and respectful communication.
- Comfortable supporting educational activities, trips, group programmes and environments requiring adaptability and teamwork.
- Strong interest in disability inclusion, accessibility, assistive technology, inclusive learning and accessible information.
- Additional interests and strengths: volleyball, chess, chaplaincy, athletics, hockey, outdoor activities, and learner engagement.

EDUCATION

Bachelor of Education Science (Special Needs Education) | Kenyatta University | 2020 – 2025

- Academic focus: Special Needs Education, Mathematics, and Physics

Kenya Certificate of Secondary Education (KCSE) | Kakamega High School | 2016 – 2019

Kenya Certificate of Primary Education (KCPE) | Mululu Primary School | 2008 – 2015

PROFESSIONAL REGISTRATION & TECHNICAL SKILLS

- Teachers Service Commission (TSC) – Registered Teacher
- Kenyan Sign Language (KSL) Interpretation & Communication Support
- Assistive and adaptive learning technologies
- Microsoft Office / digital learning tools and online learning materials
- IEP documentation, learner records, and progress monitoring

PROFESSIONAL ATTRIBUTES

- Inclusive, learner-centred, and respectful approach to disability and diverse learning needs.
- Clear verbal, written and signed communication with learners, colleagues, families, and stakeholders.
- Reliable, adaptable, and able to work independently or collaboratively in structured institutional environments.
- Committed to confidentiality, safeguarding, accessibility, dignity, and equal participation.
